With a strong team and the umpire against them yesterday, the Champions lost to Reading by the score of 2 to 1. The victory of the visitors was more largely due to the unfair decisions of Fox, the erstwhile Reading catcher, who officiated as umpire, than to any especially brilliant playing.

Fox had previously umpired in the games between Reading and Richmond, and so fairly did he give his decisions that he impressed all who saw the contest with his justice. But yesterday he did not give the champions half a show to win, and practically presented the victory to Reading.

The contest was well-played throughout, and had Fox umpired impartially it would have resulted in one of the prettiest exhibitions of the game that has been seen in this city for some time.

Strikes were called upon the Richmond players when the ball was not within a yard of the plate, and whenever opportunity offered thereafter the Richmond runners were declared out of the bases.

THE CROWD HISSED.

The champions endeavored to overcome the advantage Reading was being given by Fox, but their efforts were countered by him at every stage of the game. The crowd lost patience with Fox and hissed him loudly and viciously. Still he continued to make his rank decisions, and in the ninth inning, when Richmond had an opportunity of winning out, two fair balls made by Seybold were called foul, and the result was that Reading won by the score of 2 to 1.

Bishop pitched for Richmond, and kept the Reading batsmen guessing. But for his excellent work, coupled with the grand support given him, Fox's work would not have been so palpable. Garvin was in to pitch for Reading, and he, too, did well, but he gave no bases away, only because Fox would not let him, and the result was natural.

The score here appended shows the essential details of the play.

It Rained at Wilkes-Barre.

Wilkes-Barre, P.A., June 24.—(Special.)—The Wilkes-Barre game was postponed on account of rain.

FUTURE OF THE LEAGUE.

Last Season.

Since the season of 1898 opened, the Atlantic League has had a rather precarious existence, and the chances are that unless the interest in base-ball revives very perceptibly in the next few weeks the organization will disintegrate.

Not a single team in the league has made any money this season; indeed, every one of the magnates has lost money, and some of them big money at that. Every effort of a legitimate character has been resorted to with a view to increasing the attendance here and elsewhere, but the results have been disappointing.

The league club is being continued by the league to keep its organization intact. The clubs have all they can do to carry their own expenses, and now that they are in rather a bad way. The owners of the Wilkes-Barre club are selling their players and delivering them immediately.

Richmond is probably the best club from a financial standpoint in the league, but its owners are getting tired of the losses which are daily occurring. They are, however, determined, if possible, to hold on for the season, because they have many valuable men under contract who can be disposed of at figures that will probably reimburse them for the losses incurred during the season. If, however, the league does not last through the season, they will be free to sign wherever they will, and the owners of the club will lose all they expect to make from the sale of men.

It is understood that the Richmond magnates are tired of the (un) they have had in the Atlantic League, and that they are looking for a change. The Richmond club has been a success in the past, and it is not surprising that they are looking for a change.

Lady Saloon Passenger Arrested—Jewels and Dress Goods Galore.

NEW YORK, June 24.—When the American liner St. Paul reached her dock in this city to-day, Deputy Surveyor-General Downing ordered the seizure of the baggage of Mrs. Phyllis E. Dodge, of New York, and a messenger on duty charged that they contained smuggled jewelry and wearing apparel. The jewelry seized is valued at \$10,000, and the wearing apparel at \$10,000, making the seizure amount to \$20,000.

Mrs. Dodge came from Paris, and was accompanied by a maid. She had a fine apartment on the ship's promenade deck, and after the officials took charge of her trunks and boxes she was seen to go to her cabin, where she was met by her maid.

A Treasury official was "under" surveillance from the time Quarantine was reached, and when Mrs. Dodge came from the state-room with a small hand-bag, he watched her until she went down on the pier, where she was met by several friends. The hand-bag was then seized, and the seizure of the baggage and also the hand-bag.

The trunks were found to contain expensive dress goods and the hand-bag contained a large quantity of other stones made up in various articles.

Mrs. Dodge will be examined on Monday before the United States Commissioner.

DISASTROUS FIRE IN DELAWARE.

Laurel Loses Most of Its Business Quarter—Other Losses.

LAUREL, DEL., June 24.—The most disastrous fire in the history of this town broke out early this morning in a pool-room, and with amazing rapidity wiped out most of the business section, aggregating an estimated loss of over \$200,000.

The insurance scarcely reaches \$30,000. The insureds are now in a state of panic, including the two hotels, the bank building, the post-office, two drugstores, nearly all the business houses, and most of the homes of the wealthiest residents in the place. When the fire broke out it covered a brisk wind blowing, and in a short time flames broke out in several other buildings.

There being no fire companies or engines here, the town was soon at the mercy of the flames, and practically nothing could be done other than attempt to remove goods to a place of safety.

Engines and help from Pocomoke City, Salisbury, and Wilmington were sent for, and at 9:15 o'clock the flames were under control. By noon the fire was completely extinguished.

IN A MEXICAN JAIL.

An American Woman Imprisoned for Defending Herself.

SAN FRANCISCO, June 24.—Two letters received from Mrs. Evaline Collier, who is now in jail at Hermosillo, Mex., tell the story of her arrest, trial, and sentence to four years' imprisonment for shooting and killing a Mexican who forced himself into her home when she was alone and attempted to assault her. She is an American woman, who lived with her brother, William Frost, at Ures, Sonora. On March 1st of this year, while her brother was absent, a Mexican broke into the house. A scuffle over

## the possession of a pistol then ensued.

Collier, having held the pistol, the Mexican, Collier, was discharged. He fell dead, but she locked and barred the door without ascertaining this fact.

Frost secured the transfer of his sister Evaline, and at the same time took an appeal to the Supreme Court. She claims that her condition in the jail is deplorable. Senator Perkins has promised to take up the matter with Secretary Hay, looking to an investigation and a release, if her statements are verified.

STATE DEPARTMENT ACTS.

WASHINGTON, June 24.—The State Department has instructed Ambassador Clayton, in Mexico, to investigate the Collier case, and if the story of Mrs. Collier is found to be true, the department will take steps to secure her release.

NO SECTION NOR CREED.

"In administering this great country we must know no North, South, East, or West. We must pay no heed to a man's race, color, or religion, but only to whether he is rich or poor, provided only he is indeed a good man, a good citizen, a good American. In our political and social life alike, in order to permanently succeed we must have no contact with the Deceitful and the Golden Rule."

"Let us not forget our comrades who this summer are facing all that we faced last summer. Let us not forget the gallant men, the regulars and volunteers, who are upholding the honor of the flag and the interests of the nation in the Philippines. To our shame, be it said, there are men in this nation so indifferent to the nation's honor, so lukewarm in patriotism and courage, that they would let all the work of these men go for naught—let their blood be spilled in vain. Where our flag has been raised it
